

## U.S. Export Controls on Non-U.S. Transactions

### SEMINAR SERIES

Amsterdam, the Netherlands

October 5-8, 2015

The American Embassy is pleased to once again support the Export Compliance Training Institute's annual seminar on October 5 – October 8, 2015 at the [Hilton Amsterdam Hotel](#) on U.S. Export Control Regulations and the impact they have on your company. The seminar will include the latest information on the recent changes concerning United States Export Control Reform (ECR), as well as practical advice on how European companies can adapt and avoid costly violations. Many items have transferred from the USML (ITAR-controlled) to the CCL (EAR-controlled) and companies will need to update compliance procedures in order to stay in compliance with the U.S. rules. Expert speakers will tell you exactly what you need to know to build the optimal compliance program. Please note that as a contact of the U.S. Commercial Service in the Netherlands, you are eligible for a 10% discount on these seminars. Government officials are eligible for a 20% discount.

U.S. export control regulations such as the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR) will be covered in detail on the following days:

**October 5 – October 6, 2015: U.S. Commercial & Military Export Controls & Embargoes Seminar (EAR & OFAC regulations)**

**October 7 - October 8, 2015: U.S. ITAR Defense Trade Controls Seminar (ITAR regulations)**

Early registration discount is available for registrations received by 5 September, 2015. The U.S. Commercial Service Discount, early registration discount and corporate group discounts may be combined, but may not exceed a total of 20% discount. In order to receive the discount, please contact Jessica Lemon at [jessica@learnexportcompliance.com](mailto:jessica@learnexportcompliance.com) for registration instructions. Telephone contact is +1-540-433-3977. Registration is also available on the [organizer's webpage](#).
